

The image features a central rectangular panel with a red-to-yellow gradient background. On the left side of this panel, there is a complex yellow wireframe structure resembling a technical drawing or a 3D model. On the right side, a pair of hands is shown holding a glowing, transparent wireframe globe. The text 'AutoCAD®' is centered within a black rectangular box in the middle of the panel. Surrounding the central panel are several colorful Christmas lights in various colors: yellow, purple, red, blue, green, orange, and cyan. The lights are arranged in a circular pattern around the central image, with their green bases pointing towards the center.
